Proposed Right to Addiction Recovery (Scotland) Bill

Introduction

A proposal for a Bill to enable people addicted to drugs and/or alcohol to access the necessary addiction treatment they require.

The consultation runs from 7 October 2021 to 12 January 2022.

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

Aim and Approach - Note: All answers to the questions in this section may be published (unless your response is "not for publication").

Q1. Which of the following best expresses your view of the proposed Bill?	
Neutral (neither support nor oppose)	

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response. Rehab isn't always best option and where it is, has it ever been refused whereby legislation is necessary to ensure it isn't? Q3. How do you think the right to treatment established in the Bill would be most effectively implemented and enforced? Tick all options that apply. Duty on Health Boards Q4. Which of the following best expresses your view of creating a specific complaints procedure, in addition to the existing NHS complaints procedure? Neutral (neither support nor oppose) Please explain the reasons for your response. We would welcome comments on any experience you have had with the existing NHS complaints procedure. People already have a right to treatment so current NHS complaint procedures should apply Q5. Which of the following best expresses your view of allowing those suffering from addiction to choose a preferred treatment option, and for them to receive that option unless deemed harmful by a medical professional? Fully supportive Q6. Which of the following best expresses your view of the proposed Bill seeking to prevent treatment being refused? Neutral (neither support nor oppose) Please explain the reasons for your response. We would welcome suggestions about how this could work in practice. Is there evidence of treatment being refused Q7. Which of the following best expresses your view of requiring the Scottish Government to establish a national funding scheme? Unsure

Financial Implications

No detail on nature of scheme

Please explain the reasons for your response.

Q8. Taking into account all those likely to be affected (including public sector bodies, businesses and individuals etc), is the proposed Bill likely to lead to:

a significant increase in costs

Please indicate where you would expect the impact identified to fall (including public sector bodies, businesses and individuals etc). You may also wish to suggest ways in which the aims of the Bill could be delivered more cost-effectively.

The bill has an emphasis on rehab which may encourage more to request that service so more places costing more will be required.

Equalities

Q9. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Neutral (neither positive nor negative)

Sustainability

Q10. In terms of assessing the proposed Bill's potential impact on sustainable development, you may wish to consider how it relates to the following principles:

- · living within environmental limits
- ensuring a strong, healthy and just society
- · achieving a sustainable economy
- · promoting effective, participative systems of governance
- ensuring policy is developed on the basis of strong scientific evidence.

With these principles in mind, do you consider that the Bill can be delivered sustainably?

Yes

General

Q11. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

I question whether the slow process of enshrining this in law will happen quickly enough and I fear there are political motivations behind it when rehab isn't being refused where that's the best option for any individual case
